

Juan Pablo Aristizabal Pineda

Full-Stack Software Engineer | React · TypeScript · Express · MongoDB · AWS

Vancouver, BC, Canada | juanarieda@gmail.com | [linkedin.com/in/juan-pablo-aristizabal-pineda](https://www.linkedin.com/in/juan-pablo-aristizabal-pineda) | <https://portfolio-v3-delta-ivory.vercel.app> | <https://github.com/aristi1215>

Professional Summary

Full-Stack Software Engineer experienced in building scalable and extensible web and mobile applications using React, TypeScript, JavaScript, Python, Node.js, Express, and AWS. Strong background in frontend and backend development, REST APIs, mobile-first applications, cloud services, and scalable architecture. Hands-on experience working across Android and iOS environments with React Native and Expo. Knowledge of data structures, algorithms, software architecture, and AI-powered systems.

Technical Skills

- **Languages:** JavaScript, TypeScript, Python, C++, Java, SQL, HTML5, CSS3
- **Frontend:** React, React Native, Expo, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs, FastAPI, PHP, Authentication Systems
- **Cloud & Infrastructure:** AWS, Supabase, Firebase, Docker, CI/CD, Jenkins
- **Mobile:** Android Development, iOS Development, React Native, Expo Router
- **Computer Science:** Data Structures & Algorithms, System Design, Scalable Architectures
- **AI & ML:** AI coding fundamentals and Agent Orchestration.

Certifications

- **AWS Certified Cloud Practitioner**

Professional Experience

DALEROS EVENTS | Full-Stack Software Engineer | Technical Partnerships

Feb 2025 – Dec 2025 | Vancouver, BC

- Designed and implemented scalable full-stack solutions using modern frontend and backend technologies integrated with cloud services.
- Collaborated with startups and technology founders to develop technically driven partnership opportunities and scalable products.
- Led outreach within Vancouver's AI and innovation ecosystem while supporting technology-focused executive events.

Infera | Software Development Lead

May 2024 – Sep 2024 | United States

- Led development efforts for a scalable mobile application focused on maintainability and architecture improvements.
- Resolved frontend and backend issues using React Native and PHP while communicating directly with stakeholders.
- Managed development workflows and ensured consistent delivery of scalable application features.

Beach Point | Frontend Web Developer & Scrum Master

May 2024 – Aug 2024 | Colombia

- Developed reservation platform features using React, Python, and Fast API.
- Led frontend development, sprint coordination, and communication with product owners using Scrum methodologies.
- Collaborated in agile environments while maintaining scalable and maintainable codebases.

Dream Venture Studio | Software Developer

Dec 2023 – Jul 2024 | Miami, FL

- Built and maintained applications using Bubble and JavaScript for industries including recruitment, training, and delivery services.
- Designed maintainable features, normalized relational databases, and completed development tickets in collaborative environments.
- Contributed to scalable software systems focused on usability and business growth.

Education

- **Langara College** — Diploma in Computer Studies | Sep 2024 – Dec 2025
- **CESDE University** — Software Development | Jan 2021 – Dec 2023

Languages

- English (Native/Bilingual), Spanish (Native/Bilingual), French (Professional Working), Portuguese (Elementary)
